

HALE NAPILI
AOAO AND RENTAL POOL
BOD/EC MEETING
January 16, 2021

BOD/EC Members Present: Brian Cowell, Steve Straub, Brandon Roach, Linda Levi

Email and phone discussion have been held recently amongst the board members to discuss the shoreline erosion of the bay. High waves over the weekend of January 9-10, 2021 did extensive damage to our property and also Napili Sunset. At this time there are no plans to attempt any shoreline restoration until the winter season is over. We are attempting to make the property as safe as possible for guests and owners.

We plan eventually to obtain an outside opinion from an engineer or other consultant regarding our property and any preservation actions that can be taken.

The office notified owners of the problem with an email from Brian that included several photographs of the damage.

Respectfully submitted,

Linda Levi, Secretary
